

# Perfect

Jason Derulo

You make me  
You make me  
You make me  
Yeah

I nearly lost my mind  
Tryna figure out a way  
To make you understand  
I can't go on another day

Baby I was wrong  
Been confused and led astray  
Just give me one more chance  
'Cause I can't take what's happening.

Have you ever lost someone  
Tried to take it back  
But the damage is done  
Thought of losing you makes me feel so sad  
How I'm gonna sleep when it feels this bad?

I know enough's a enough  
It's going to be tough to get through this

I'll never be perfect  
I'll never be cool  
I'll always be nothing  
Unless I'm with you  
'Cause you make me perfect  
Tell me what can I do  
The pieces are missing  
When I'm not with you

You make me  
(You make me)  
(You make me)  
You make me  
(You make me)  
(You make me)  
You make me

I know that I deserve it  
But have you really lost our faith?  
You know inside that we're worth it  
There's so much left for us to say

Baby I was lost  
Or maybe I was just afraid  
Could ya please forgive me  
And hold me in your arms again

Have you ever lost someone  
Tried to take it back  
But the damage is done  
Thought of losing you makes me feel so sad  
How I'm gonna sleep when it feels this bad?

I know enough's a enough  
It's going to be tough to get through this

I'll never be perfect  
I'll never be cool  
I'll always be nothing  
Unless I'm with you  
'Cause you make me perfect  
Tell me what can I do  
The pieces are missing  
When I'm not with you

You make me  
(You make me)  
(You make me)  
You make me  
(You make me)  
(You make me)  
You make me

Don't say nothings perfect  
'Cause it isn't true  
Everything I need is here with you  
Everything I see so clear with you  
Everything I dream appears with you  
Everything would be so--perfect

I'll never be perfect  
I'll never be cool  
I'll always be nothing  
Unless I'm with you  
'Cause you make me perfect  
Tell me what can I do  
The pieces are missing  
When I'm not with you  
'Cause you make so  
When I'm with you baby

You make me perfect, so perfect  
Perfect
