

Running

Jason Derulo

Oh, oh

All the things you said, all the things you said
Running through my head, running through my head
All the things you said
All the things we did, all the things we did
We just made a mess, we just made a mess
All the things we did
If words could kill I wouldn't of made it, 'cause
All the things you said, all the things you said
Running through my head, running through my head
All the things you said

You were with me when I used to drive the honda
Even when you could of had a baller
Had me excited like my first million dollars
Got the same feeling when I brought you home to mama
Used to play that nani like piano
Kept your body singing in soprano
You, you got more twerk in the limo
Bank account hard to handle, you

I did it again
No, no, no, no
I can't keep calling your phone, phone, phone
How could you leave, where you go, go, go
Remember

All the things you said, all the things you said
Running through my head, running through my head
All the things you said
All the things we did, all the things we did
We just made a mess, we just made a mess
All the things we did
If words could kill I wouldn't of made it, 'cause
All the things you said, all the things you said
Running through my head, running through my head
All the things you said

At the top I know you see me going crazy
Only thing that's missing is you, baby
Time heals on but I'm impatient
After all this time you can't tell me that you hate me?
Remember that night in public
When it went down at 222
You got more twerk in the limo
Bank account hard to handle, you

I did it again
No, no, no, no
I can't keep calling your phone, phone, phone
How could you leave, where you go, go, go
Remember

All the things you said, all the things you said
Running through my head, running through my head

All the things you said
All the things we did, all the things we did
We just made a mess, we just made a mess
All the things we did
If words could kill I wouldn't of made it, 'cause
All the things you said, all the things you said
Running through my head, running through my head
All the things you said
