

# Slow Low

Jason Derulo

Uah

Let me hit in slow motion  
If you keep it up, girl, I'ma run out of Trojans  
Let's savor the moment (Yeah)  
I know you couldn't wait to bust it wide open

Ooh, na, na, na, slow the tempo  
Ooh, la, la, la, keep it simple  
Good things gonna come if you just wait  
She ride me faster and faster and she do it with passion  
I feel it comin', it's comin', so baby, slow down  
She ride me faster and faster, don't know how long I can last, yeah  
I feel it comin', it's comin', so baby, slow down

Let me love you slow, low, low, low, low, low  
Slow, low, low, low, low, low  
Slow, low, low, low, low, low  
Let me love you slow, low, low, low, low, low  
Slow, low, low, low, low, low  
Slow, low, low, low, low, low  
Let me love you slow

Una piernita sobre mi panza  
Mi brazo por tu garganta  
Una lágrima, miro y me enfanda  
Más cuando soy quien la saca  
Oh, girl, she movin' so fast that I wait  
Bailando bajo la Luna, siento que coroné  
Rápido fue, pero qué bien la pasé  
Exploté, contenta la dejé

She ride me faster and faster and she do it with passion  
I feel it comin', it's comin', so baby, slow down  
She ride me faster and faster, don't know how long I can last, yeah  
I feel it comin', it's comin', so baby, slow down (Yeah, eh)

Let me love you slow, low, low, low, low, low  
Slow, low, low, low, low, low  
Slow, low, low, low, low, low  
Let me love you slow, low, low, low, low, low  
Slow, low, low, low, low, low  
Slow, low, low, low, low, low  
Let me love you slow

Let me love you slow  
I love it when you say, Jason Derulo, lo-lo, lo-lo-lo  
Lo-lo, lo-lo-lo  
Slow, low, low, low, low, low  
¡Uah!
