

# Snake

Jason Derulo

No, Jason Derulo

(Look into my-look into my, look into eyes)  
Look into my eyes  
Baby Tell me what you see  
If I throw you vibes better throw it back to me  
Tell the DJ he can put it on repeat  
Moving like a snake everytime I hear the beat!

So hypnotising  
Temperature rising  
Fuck being private  
I know you see my body moving like

Moving no like a snake  
Moving like a snake  
Moving like a snake  
I know you see my body  
Moving like  
Moving like a snake  
Moving like a snake  
Moving like a snake

She looking right in them tights she got nothing underneath ('Neath)  
As soon as I catch a vibe ima put that ass to sleep (Sleep)  
Or fly to Mumbai for some tandoori  
Mix the love with spice it looks good enough to eat  
Come out that thing on me (Yeah), even in the bed she still on beat  
She screaming (Jaanu please)  
Even when she scream, she still on key

So hypnotising (So hypnotising)  
Temperature rising  
Fuck being private  
Baby kiss on my private  
I know you see my body moving like

Moving like a snake  
Moving like a snake  
Moving like a snake  
Moving like a-  
Moving like a snake  
I know you see my body moving like  
Moving like a snake  
Moving like a snake  
Moving like a snake  
Moving like a-  
Moving like a snake  
I know you see my body moving like  
Moving like a snake
