Rubber band, rubber, rubber band, rubber band
Rubber band, rubber, rubber band, rubber band
Rubber band, rubber, rubber band, rubber band
Rubber band, rubber, rubber band, rubber band
(Mustard on the beat, hoe)

Rub a dub dub, baddest bitch in the club
And she comin' back home with me

Now she's [?], my shit for free

If we never go to bed, then we never gotta wake up
It's your birthday, I'm tryna light that cake up
Blow my candles, and even hook a stake up
She go

Eight nights a week, that girl's a freak, Mustard on the beat
She got that rubber band, baby, got that snapback (Snapback)
She got that rubber band, baby, got that snapback (Snapback)
She's flexible, so sexual, won't let me go
She got that rubber band, baby, got that snapback (Snapback)
