

# Too Hot

Jason Derulo

All the ladies to the dance, oh yeah  
Left the roof off, I'm a winner  
Now my neck froze, I'm a winner  
We could go up with the lights down low  
Girl, it's too hot to keep on these clothes  
Pum pum shorts with the Louis  
Whine up your waist and we Gucci  
Only came out to run into you  
First thing I noticed

Is that you came to the club in the taxi  
But I'm sure you preferred a Rolls  
So we can get changed in the backseat  
'Cause it's summertime and you know

It's too hot for clothes  
Too hot for clothes  
Too hot for clothes  
Na na na, too hot, too hot  
Baby, it's too hot for clothes  
Too hot for clothes  
Too hot for clothes  
Na na na, too hot, too hot

Been around the world and I-ay-ay  
Ain't never seen a pengting, ting so fly  
I bet you dance in the mirror like boop-ba-ba-doop  
All alone with you, tempted to touch  
Red and vodka that new, new, new, new  
That's all I drink, I'm gon' chase it wit' you  
Clothes are scattered around on the floor  
But all I remember is

Is that you came to the club in the taxi  
But I'm sure you preferred a Rolls (Oh yeah)  
So we can get changed in the backseat  
'Cause it's summertime and you know

It's too hot for clothes  
Too hot for clothes (I said it's too)  
Too hot for clothes (Too)  
Na na na, too hot, too hot  
Baby, it's too hot for clothes (Take it off girl)  
Too hot for clothes ('Cause it's)  
Too hot for clothes  
Na na na, too hot, too hot

Yeah, yeah, yeah, yeah  
Oh, oh  
Take it off  
'Cause it's too warm, girl  
Take it off  
Oh, oh

Too hot for clothes  
Too hot for clothes

Too hot for clothes  
Na na na, too hot, too hot  
Baby, it's too hot for clothes  
Too hot for clothes  
Too hot for clothes  
Na na na, too hot, too hot
