

Rain

Jason Eady

Rain, rain, come with me
Rain come falling down
Rain come water come wash my feet 'fore they lay back in the ground
'Fore they lay back in the ground

Wash away my troubles
Wash away my loss
Meet me down by the river
We both have to to cross
Yeah, we both have to cross

So, rain, rain, come with me
Rain come falling down
Rain come water come wash my feet 'fore they lay back in the ground
'Fore they lay back in the ground

I ain't gonna start my worry
Ain't gonna slow me down
Ain't gotta bear that burden
Got no worrying to drag around
I got no worry to drag around

So, rain, rain, come with me
Rain come falling down
Rain come water come wash my feet 'fore they lay back in the ground
'Fore they lay back in the ground

Let that thunder thunder
Let that lightning strike
Get me through the darkness Lord and lead me to the light
Lord and lead me to the light

So, rain, rain, come with me
Rain come falling down
Rain come water come wash my feet 'fore they lay back in the ground
'Fore they lay back in the ground
