

## Fight for You

Jason Gray

The Lord will fight for you  
The Lord will fight for you  
You need only to be still  
And trust that God will fight for you

When the battle comes to your front door  
And trouble rages like a storm  
And worry shakes you to your core  
You're afraid that you can't take much more

The Lord will fight for you  
The Lord will fight for you  
You need only to be still  
And trust that God will fight for you

There's a blindness to this faith  
When you can't see beyond this place  
I know it's hard to trust and wait  
But even now He makes a way

The Lord will fight for you  
The Lord will fight for you  
You need only to be still  
And trust that God will fight for you

He goes before you, don't be afraid  
Even now, He makes a way  
He goes before you, don't be afraid  
Even now, He makes a way

I open up my eyes and see  
In the mirror looking back at me  
A child who's longing to believe  
So to my own soul I will preach

The Lord (He goes before you) will fight for you (don't be afraid)  
The Lord (even now) will fight for you (He makes a way)  
You need only (He goes before you) to be still (don't be afraid)  
)  
And trust that God will (even now) fight for you (He makes a way)

You need only to be still  
And trust that God will fight for you
