

# Gloria! (The Song Of The Shepherd)

Jason Gray

After the angel's song  
Everyone held their breath  
As the darkness rushed back in upon those shepherd boys  
Staring into the night  
Climbing up off their knees  
With their hearts on fire, they were trembling with  
fear and joy

Gloria, Gloria!  
It was a choir of angels singing  
The shepherd's ears were ringing  
They were ringing with  
Gloria, Gloria!  
Now everything is going to change  
Christ the Lord is born today

Racing down from the hills  
Running like children run  
Reckless and wild with a song that made them young  
again  
As the field beneath their feet  
Turned into city streets  
They were crying out have you heard, have you heard oh  
Bethlehem?!

Gloria, Gloria!  
It was a choir of angels singing  
The shepherd's ears were ringing  
They were ringing with  
Gloria, Gloria!  
Now everything is going to change  
Christ the Lord is born today

In a land under the rule  
Of the priests and kings  
Only shepherds heard the song  
That the angels sing  
The humble are the keepers of the secrets of the  
Kingdom that is coming  
With a song that will break upon the world like 10,000  
horses running

Gloria, Gloria!  
The shepherds they were singing  
Now all our ears are ringing  
They're still ringing with  
Gloria, Gloria!  
Now everything is going to change  
Christ the Lord is born today  
Gloria, glory to God, glory to God!  
Gloria, glory to God, glory to God  
In excelsus Deo

One day he'll come again  
To bring us a brand new song  
But till then we'll sing along with those shepherd boys
