

# Time

Jason Gray

Tell my momma it's gonna be okay  
I'm sorry that I had to go away  
But I couldn't stay  
I'm sorry that I couldn't stay  
Tell my dad it's gonna be alright  
I didn't wanna turn it into a fight  
Just trying to survive  
Hoping to get out alive

Maybe all I need is time  
Just in time, time

To see what I can make of me  
Leave behind what I'll never be  
Shake it off like a bad dream  
I have to try, I have to try

Don't take it all the wrong way  
The first step might feel like I'ma run away  
Don't change life, slide away  
Maybe all I need is time

Tell my momma it's gonna be okay  
I'm sorry that I had to go away  
But I couldn't stay  
I'm sorry that I couldn't stay  
Tell my dad it's gonna be alright  
I didn't wanna turn it into a fight  
Just trying to survive  
Hoping to get out alive

Maybe all I need is time  
Just in time, time  
There's something I need to find  
Just in time, time

Tell my momma it's gonna be okay  
I'm sorry that I had to go away  
But I couldn't stay  
I'm sorry that I couldn't stay  
Tell my dad it's gonna be alright  
I didn't wanna turn it into a fight  
Just trying to survive  
Hoping to get out alive

Maybe all I need is time
