

# The Truth

Jason Isbell

I told my baby  
Just the other night  
That if you mistreat me  
There gonna be a fight

That is why  
That is why  
I like the truth, yeah  
I like the truth, yes  
I like the truth

I told my baby  
Just the day before  
That if you mistreat me  
They're gonna hit my door

That is why  
That is why  
I like the truth, yeah  
I like the truth, yes  
I like the truth

I said I told my baby  
That afternoon  
That if you mistreat me  
You'll be leaving soon

That is why  
That is why  
I like the truth, yeah  
I like the truth, yes  
I like the truth, yeah  
I like the truth

I told my baby  
Just the other day  
That if you mistreat me  
You'll be goin' away

That is why  
That is why  
I like the truth, yeah  
I like the truth, yes  
I like the truth
