

## Hearing Double

Jason Mraz

I love you so much I have to say it twice  
Just incase you didn't hear me the first time  
You are the most beautiful girl I ever laid my eyes on  
And I wish you'd let me call you mine

Love might be no trouble at all  
Love might make you hear double if you fall  
Love might be no trouble this night  
Love might make you stutter when its right

Tell me what your thinking  
With no delay (Delay)

Do I even stand a chance to score a date  
(Double, date)

I feel so damned crazy  
My poor heart could break  
That's why I sing love songs  
Everyday  
Everyday

Love might be no trouble at all  
Love might make you hear double if you fall

Love might be no trouble this night (That's right)  
Love might make you stutter when its right

But love might make you stutter when its right

But love might make you stutter when its right
