

# Sail Away

Jason Mraz

Yeah livin' on the bottom on the sea  
There's plenty of room for you and me  
For you I am so deep  
At the bottom of the sea is where I be

And from the bottom of the ocean  
Up to the water shed  
To float your boat is what I'm hoping  
And we could share my water bed

And all of the whales  
Dedicate their songs to you  
Yes I would sail  
Away  
With you  
Yes I would sail  
Away  
With you

At the bottom where we'll live  
The perfect place to raise our kids  
They'll go to school with all the fishes  
They won't have to wash no dishes

Underwater you will  
Like it, like it  
The current don't  
Fight it, fight it  
Open your eyes  
And see that I would  
Sail  
Away  
With you  
Yes I would sail  
Away  
With you

Wishing on a starfish in the sky  
I wish I may wish I might  
Every day every night  
Under the ocean blue  
I'd say I do  
I'd sail away with you

Underwater you will  
Like it, like it  
Go on and  
Dive in dive in  
Open your eyes  
And see that I would  
Sail  
Away  
With you  
Yes I would sail  
Away  
With you

There's nothing the whales  
Can say  
Or do  
Yes I would sail  
Away  
With you  
  
I love you
