

## Absent Minded

Jason Nelson

It's so funny how I can be so detailed  
With life's trivial things yeah I know them well  
God You still remained true  
While I'm overlooking you  
You're too good  
You're too good

You're with me but I'm absentminded with You  
Distracted but I need to spend more time with You  
Sometimes I need to be reminded of this  
I can't be so absentminded about You

When You said pray I was busy doing something else  
Had a bad day I can really only blame myself  
You were reaching out to me  
To show me that Your plans would be  
For my good  
For my good

You're with me but I'm absentminded with You  
Distracted but I need to spend more time with You  
Sometimes I need to be reminded of this  
I can't be so absentminded about You

You are patient with me beyond belief  
You deserve much more  
So now I'll do better  
I'll invest my time and my mind

You're with me but I'm not absentminded with You  
Every distraction now is fading out of view  
I won't need to be reminded of this  
I won't be so absentminded about You
