

# Better

Jason Nelson

Yeah  
Yeah  
Oh yeah

When God speaks a word about me  
It must return as complete  
No matter what has happened  
There is no word that's undone, that's undone

He said He'll do even more  
For you than He did before

God said He'll make it better  
Better than it was before  
Hey God said He'll make it better  
Better than it was before  
Hey He'll make it better, oh oh oh  
Better than it was before hey

Trials in the middle  
That made you wanna quit hey  
But God's presence presence never left you  
He promised greater than this hey yeah yeah

He said He'll do even more  
For you than He did before

God said He'll make it better (Y'all grab it)  
Better than it was before  
Hey God said He'll make it better (He'll make it)  
Better than it was before

Hey give me a little organ right here

Hey  
God said He'll make it better  
Better  
Better than it was before  
Yes He will  
Yes He will  
Say  
I know He'll make it better  
Yeah  
Better than it was before

So I need you to hold on  
He'll make it better  
Hey! I need you to hold on hey yeah  
He'll make it better  
C'mon help me say, tell them say hold on  
Hold on  
He'll make it better  
Touch your neighbor and tell them hold on  
Hold on  
He'll make it better  
I know you might be tired but  
He'll make it better

You might be overwhelmed right now  
Hold on  
But know that He will  
He'll make it better  
Yes He will  
C'mon tell your neighbor say hold on  
Hold on  
He'll make it better  
I know your heart is broken but just  
Hold on  
He will  
He'll make it better  
Hey hey hey  
He'll make it better  
He'll touch your mind and make it  
He'll make it better  
He'll touch your heart and make it  
He'll make it better  
He'll touch your soul and make it  
He'll make it better  
Tell somebody He'll make it  
He'll make it better  
It's getting better right now  
He'll make it better  
Do you believe  
He'll make it better  
God says  
He'll make it better  
He'll touch your mind and make it better
