

We Need Revival

Jason Nelson

We're gonna move a little bit right here right
Let's go
Put your hands together like this

Lord we are waiting for another move
We are waiting for a touch from you
We ready
Open the heavens, pour out
Pour out

Say let it flow
Let it flow from heaven down to the earth
Come on say let it flow from heaven
Let it flow from heaven down to the earth
This is a real prayer
Let Your power fall
Let Your power fall on us like Pentecost
Let Your power fall
Let Your power fall on us like Pentecost

Lord we are thirsty
We need to drink from you
Needing refreshing
So we can be renewed
We're ready
Open the heavens, pour out
Pour out

Let it flow
Let it flow from heaven down to the earth
Is there anybody who really wants revival
Lift your voice and say let it flow
Let it flow from heaven down to the earth
Let Your power fall
Let Your power fall on us like Pentecost
That's our prayer today
Let Your power fall
Let Your power fall on us like Pentecost

Here we go

Because we need revival
Lord send Your power
We need revival
Let it fall on us
We need revival
Lord send Your fire
We need revival
Let it fall on us

(Say)
We need revival (Hey)
Lord send Your power (We need revival)
We need revival (Let it)
Let it fall on us (We need revival)
We need revival (Send Your fire Lord)
Lord send Your fire

We need revival (Let it)
Let it fall on us

So let it fall on us
That's our prayer
Let it fall on us
Please Jesus
Let it fall on us
Let it fall on us

We need revival
We need revival (Yea yeah)
Lord send Your power (Send Your power)
We need revival (Let it)
Let it fall on us
We need revival
Lord send Your fire (Send Your fire Lord)
We need revival (Let it)
Let it fall on us

We sing hey hey
