

Yahweh

Jason Nelson

You breathe, we receive
You're always close, never distant
From dust into being
Our lives confirm your existence

So we sing Yahweh, Yahweh
With every breath that we breathe
The name we will sing is
Yahweh, Yahweh

Created by what you speak
It came to pass in every exhale
From the skies above to the oceans deep
Oh You're everywhere in every detail

So we sing Yahweh, Yahweh
With every breath that we breathe
The name we will sing is
Yahweh, Yahweh

All I have to do to call your name is breathe
I'll just breathe
I'll inhale, I'll exhale
You're as near to me as my next breath

So we sing Yahweh, Yahweh
With every breath that we breathe
The name we will sing is
Yahweh, Yahweh

So we sing Yahweh, Yahweh
With every breath that we breathe
The name we will sing is
Yahweh, Yahweh

So we sing Yahweh, Yahweh
With every breath that we breathe
The name we will sing is
Yahweh, Yahweh

So we sing Yahweh, Yahweh
Yahweh, Yahweh
Yahweh, Yahweh
Yahweh, Yahweh

Inhale, exhale
Inhale, me call Your name
Inhale, exhale
Inhale, me call Your name

With every breath that we breathe
The name we will sing is
Yahweh, Yahweh
We all sing
Yahweh, Yahweh
So we sing

Inhale, exhale
Inhale, exhale
Inhale, exhale
Inhale, exhale

Breathe, breathe
Breathe, breathe
Breathe, breathe
Breathe, breathe...

Yahweh, Yahweh
Yahweh, Yahweh

With every breath that we breathe
With every breath that we breathe
With every breath that we breathe
With every breath that we breathe

With every breath that we breathe
The name we will sing is
Yahweh, Yahweh
