

# Bicycle

Jason Reeves

I wanna build you a bicycle faster than life So you can keep up  
with your dreams Bring you a basket of beautiful laughter All o  
f  
the love that you need

Humbly, honestly I only want to be One of your favorite things  
But  
I want you to believe in me

Cause I Never wanted To give it all 'til now Cause I Always wai  
ting  
For you to come around

At last My love is found

Say, I like the cursive sound of the words And all the letters  
you  
leave You're like a classic, restless romantic Straight from th  
e  
cinema screen

Back when our father's Grandfathers had daughters Far before al  
l  
the machine Way back when lovers still believed

Cause I Never wanted To give it all 'til now Cause I Always wai  
ting  
For you to come around

At last My love is found

I never wanted To give it all 'til now Cause I Always waiting F  
or you  
to come around

At last My love is found

At last My love is found

I wanna build you a bicycle faster than life So you can keep up  
with your dreams
