

Infinity To One

Jason Reeves

Tell me when you gonna smile when you walk by
Fifty-four to one, you're gonna stop and say hi
Two million to one, you'll be the love of my life
Infinity to one, we're gonna last a life time

Sad world, it's a sad world
It's a big, bad, crazy, scary, mad world when
Everything that first goes up gotta come down
Everyone that falls in love is gonna fall out
According to the odds it's impossible, yes
But we can beat the odds
We're a miracle, yeah

We can beat the odds
Woah oh oh
We can beat the odds
Woah oh oh
Infinity to one
Woah oh oh
Infinity to one
Woah oh oh

We can be the snow flake in July or
A star that keeps shining when the sunrises
We can make the choice to either fold or fight me
Cause everybody is saying, "we believe in love's lies"

Sad world, it's a sad world
It's a big, bad, crazy, scary, mad world when
Everything that first goes up gotta come down
Everyone that falls in love is gonna fall out
According to the odds it's impossible, yes
But we can beat the odds
We're a miracle, yeah

We can beat the odds
Woah oh oh
We can beat the odds
Woah oh oh
Infinity to one
Woah oh oh
Infinity to one
Woah oh oh

Sad world, it's a sad world
It's a big, bad, crazy, scary, mad world
Sad world, it's a sad world
It's a big, bad, crazy, scary, mad world

Everything that first goes up gotta come down
Everyone that falls in love is gonna fall out
According to the odds it's impossible, yes
But we can beat the odds
We're a miracle, yeah

We can beat the odds
Woah oh oh

We can beat the odds
Woah oh oh
Infinity to one
(Don't matter what they say)
Woah oh oh
Infinity to one
(Don't matter what they say)
Woah oh oh

We can beat the odds
(Don't matter what they say)
Woah oh oh
We can beat the odds
(Don't matter what they say)
Woah oh oh
Infinity to one
(Don't matter what they say)
Infinity to one
(Don't matter what they say)

Infinity to one
Infinity to one, oh oh
We can beat the odds
We can beat the odds, oh
