

Same Soul

Jason Reeves

Sometimes you know I'm scared
Even when I'm not there and you're gone
I don't know how sometimes I feel you cry
Even when I'm sure that you're alone

I know that I met you in this very moment
In a different time in another universe
I know that you loved me way before I held you
I knew you were mine cause I loved how it hurt

And you've got the same soul as I do somehow
You've got the same soul as I do somehow
We're only as old as we're young right now
You've got the same soul as I do somehow

Same soul (same soul)
Same soul (same soul)
Same soul (same soul)
Same soul (same soul, oh)

I know we'll meet again cause we're satellites
Orbiting the light in the universe
You know I might forget until I see your eyes
Beautiful and bright and infinite

I kissed you in this very moment
In a different time in another universe
I already missed you way before I lost you
I knew you were mine cause I loved how it hurt

You've got the same soul as I do somehow
You've got the same soul as I do somehow
We're only as old as we're young right now
You've got the same soul as I do somehow

Same soul (same soul)
Same soul (same soul)
Same soul (same soul)
Same soul (same soul, oh)

I don't know anything
I don't know why you ran
I forgot my name
I don't know where I am

All I know is you're gone away
All I know is you're gone away
All I know is you're gone away
All I know is you're gone away

You've got the same soul as I do somehow
You've got the same soul as I do somehow
We're only as old as we're young right now
You've got the same soul as I do somehow

Same soul (same soul)
Same soul (same soul)

Same soul (same soul)
Same soul (same soul, oh)
