Save My Heart

Jason Reeves

I want what I can't have I wanna make you mine I don't care what it takes

I'm fearless with my heart I'll take it any place I don't care if it breaks

I wanna tell you things I never tell myself These secrets hurt like hell, oh

Call me crazy, maybe I'm insanely Out of my mind but it'll never phase me If I have to, I'm not afraid to Save my heart for you

I'm a rebel even if it's trouble I'ma pull you out from the rubble If I have to, I'm not afraid to Save my heart for you

Tell me I'm wrong Turn around and run Still I'm gonna save my heart for you

I know you want me too Even if it's not now I'm gonna wait it out

But don't you dare forget That moment that we had I know we both felt it

I wanna tell you things I never tell myself These secrets hurt like hell, oh

Call me crazy, maybe I'm insanely Out of my mind but it'll never phase me If I have to, I'm not afraid to Save my heart for you

I'm a rebel even if it's trouble I'ma pull you out from the rubble If I have to, I'm not afraid to Save my heart for you

Tell me I'm wrong Turn around and run Still I'm gonna save my heart for you Oh oh Oh oh

I wanna tell you things I never tell myself These secrets hurt like hell, oh The first time that you smiled So shyly back at me I couldn't help myself

Call me crazy, maybe I'm insanely Out of my mind but it'll never phase me If I have to, I'm not afraid to Save my heart for you

I'm a rebel even if it's trouble I'ma pull you out from the rubble If I have to, I'm not afraid to Save my heart for you

Tell me I'm wrong Turn around and run Still gonna save my heart for you

Tell me I'm wrong Turn around and run Still gonna save my heart for you Oh oh

I want what I can't have I gonna make you mine No matter what it takes
