

Once In a Lifetime

Jason Walker

When we're no longer kids
We'll still remember this
What if we stop and we notice
What if this moment's the only
Chance that we'll ever get

What if it's up to us
What if it only comes
Once in a lifetime
Once in a lifetime
Don't wanna miss the signs
'Cause what if you and I
Are once in a lifetime
Once in a lifetime, yeah

It's right at our fingertips
We could hold tight or let it slip
If we don't let hesitation
Keep us from what we were made for
We could rewrite the end

What if it's up to us
What if it only comes
Once in a lifetime
Once in a lifetime
Don't wanna miss the signs
'Cause what if you and I
Are once in a lifetime
Once in a lifetime, yeah

What if it's up to us
What if it only comes
Once in a lifetime
Once in a lifetime
Don't wanna miss the signs
'Cause what if you and I
Are once in a lifetime
Once in a lifetime

What if it's up to us
What if it only comes
Once in a lifetime
Once in a lifetime
Don't wanna miss the signs
'Cause what if you and I
Are once in a lifetime
Once in a lifetime, yeah
