

# Pieces

Jason Walker

Picture perfect  
We weren't  
It took a while to see  
Cracks showin'  
Flares glowin'  
The secrets up your sleeve

Fool me once  
Fool me once  
But not again  
I know the truth  
Know the truth  
And can't pretend

I finally see  
All of the pieces, now  
I finally see  
All of the pieces, now  
It's comin' right into focus  
Everything I didn't notice  
I finally see  
All of the pieces, now  
All of the pieces

It makes sense now  
I found out  
What's hidin' underneath  
I thought that  
It was me that  
Was somehow incomplete

Fool me once  
Fool me once  
But not again  
I know the truth  
Know the truth  
And can't pretend

I finally see  
All of the pieces, now  
I finally see  
All of the pieces, now  
It's comin' right into focus  
Everything I didn't notice  
I finally see  
All of the pieces, now  
All of the pieces

Fool me once  
Fool me once  
But not again  
I know the truth  
Know the truth  
And can't pretend

It's comin' right into focus  
Everything I didn't notice

I finally see  
All of the pieces, now  
I finally see  
All of the pieces, now  
I finally see  
All of the pieces, now
