

# Come Through

Javier Colon

I'm so sick and tired of making excuses  
For why things are how they are  
I know I'm the reason but I hope you're not thinkin  
That I can't turn this boat around.  
Now in every love story there are moments of glory  
And times when "I tried" just wont do  
You've lost all your trust now you dont expect much  
From me but I'm gonna prove this to you  
Oh that I'm gonna come through for you

Lalala la la la, lalala la la la la la la, lalala la la la

Take my on sister song and try to believe in this something  
Cuz its something worth holding on to  
I know you've waited so long but  
Try to believe in this something cuz it  
Wouldn't mean much without you  
And I promise someday I'll come through.

Steve Perry once said "lovin a music man  
It ain't all that is supposed to be"  
After all of these years and a river of tears  
I'd have to say you agree  
You say you've sacrificed spending years of your life  
Waiting on promises and maybes  
It couldn't be more true all the pain's been on you  
And now its time to give some to me  
And I'll take it on willingly

Lalala la la la, lalala la la la la la la, lalala la la la

Take my on sister song and try to believe in this something  
Cuz its something worth holding on to  
I know you've waited so long but  
Try to believe in this something cuz it  
Wouldn't mean much without you  
And I promise someday I'll come through.

Lalala la la la, lalala la la la la la la, lalala la la la  
Lalala la la la, lalala la la la la la la, laaaaaaaaa

Take my on sister song and try to believe in this something  
Cuz its something worth holding on to  
I know you've waited so long but  
Try to believe in this something cuz it  
Wouldn't mean much without you  
And I promise someday I'll come through.  
You're the moon I'm the sun and I'll be  
The one to come runnin and the one you come runnin to  
Girl just say I'm the one say you'll hold open that window  
And let me come through and I promise I'll  
Come through for you

Lalala la la la, lalala la la la la la la, lalala la la la
