

For A Reason

Javier Colon

I knew a girl from around the way
We were cool til she moved away
Ain't her hide no hair since that day
But I always wondered what became of her
Sometimes it's best to leave things as they were

She had a attitude like a dude
Always walked around wearing no shoes
Knock you out if you act a fool
But she had a side that I could not ignore
She always said we were best friends guess I wish I'd always wish for more
It's like the earth goes round
And what goes up comes down
If flies can still be found then always happy for a reason
If we should be together
Though we'd still be friends there were no loose ends
Cause all things happen for a reason
Yeah

Check it
Look at you boy you're all grown up now
Doing your thing and it makes me proud
And sure I wish there was some way somehow
To go back in time and do it all again
Those lazy summers after school back in the day when we were cool inside
And time stands still we may never know
Cause where the wrong will know
One thing I know for show
All things happen for a reason
Never ask my friend until we meet again
All things happen for a reason
We will never know
Cause where the wrong will know
Til we know for show
All things happen for a reason
Til we meet again know that in the end
All things happen for a reason
A reason
A reason
Yeah
Oh

I said all things happen for a reason
Oh I'm saying
Someday sun's gonna shine again
Someday we gonna meet again
Someday we gonna find again
Someday sun's gonna shine again
Someday we gonna meet again
Someday we gonna find again
I said someday yeah oh oh

Take a little bit clunker and splash of salt
Put em both together and you get this girl
She's a one in a million baby that's the truth
I don't know where she's at but I wish I knew come on
Come on come on Come on come on
Take a little bit clunker and splash of salt

Put em both together and you get this girl
She's a one in a million baby that's the truth
I don't know where she's at but I wish I knew come on
Come on come on Come on come on
Come on

We got a good one T
I said someday the sun is gonna shine
Shut up Javi I wanna sing
