

Say

Javier Colon

You've got a look that you give to me when you're feeling sexy
And I can't help but lose my mind when I know you want it
You make my heart skip a beat when we climb in the sheets and you say

Say that you want me bad and that you need me here and now
You know I'm always down
Say that you want me bad that you need me in your arms
Say that you want me bad

Anywhere anytime but by chance my love can we make it tonight
Cause I I just can't wait if it was up to me we'd make love everyday
Nobody did make the rules but we both know that you hold the reigns

Say that you want me bad and that you need me here and now
You know I'm always down
Say that you want me bad that you need me in your arms
Say that you want me bad

Girl bad make me feel like I'm begging
All I want is a little piece of that heaven
You know you love it when I do what I do so baby just say the word
And I'm a lay it right on you
Girl you got me washing dishes and hoping
Knocking out my hundred do my chores
The things we do to get a little coping
If it doesn't work you know we sit around moping
You know my heart skips a beat when we climb in the sheets
And you say

Say that you want me bad and that you need me here and now
You know I'm always down
Say that you want me bad that you need me in your arms
Say that you want me bad
Say that you want me bad and that you need me here and now
On the floor on the couch
Say that you want me bad that you need me in your arms
Say that you want me bad
