Jax

4 am, am and it's time to sleep
Put it out, put it out of its misery
4 am, am and you need to leave
Let go of my body, but don't actually

You're my achilles' heel and you're walking out the door
You're toxic and you make me feel like comin' back for more

You're poisonous, baby
But I can't get enough
(Of this love, of this love)
You're chemical, darling
And I'm addicted as fuck
(To the start, to the start)

Like I'm in the sky with diamonds
(Crashing down, crashing down)
You're heroin, darling
I'll die without this drug
(Crashing down, catch me now)

Don't you know, you know
You're everything
Even though you broke
Everything

4 am, am and you're calling me
Now you hang up
But don't actually

You're my achilles' heel and you're walking out the door
You're toxic and you make me feel like comin' back for more

You're poisonous, baby
But I can't get enough
(Of this love, of this love)
You're chemical, darling
And I'm addicted as fuck
(Til we stop, to the start)

Like I'm in the sky with diamonds
(Crashing down, crashing down)
You're heroin, darling
I'll die without this drug
(Crashing down, catch me now)

Like I'm in the sky with diamonds
(Crashing down, crashing down)
Like I'm in the sky with diamonds
(Crashing down, catch me now)

You're poisonous, baby
But I can't get enough
(Of this love, of this love)
You're chemical, darling
And I'm addicted as fuck
(To the start, to the start)

Like I'm in the sky with diamonds
(Crashing down, crashing down)
You're heroin, darling
I'll die without this drug
(Crashing down, catch me now)
