I don't wanna break her little heart  
But I know his dirty little secret  
Would she believe me, or would she believe him  
He's really good at keeping us apart  
He's really good at making me the villain  
He knows I see him  
Can somebody tell me how  
To break your best friends heart if I don't tell her  
Who's gonna tell her

He's Superbad  
For her  
This will end badly and  
She will get hurt  
She's super madly in love

He'll cheat on her and then he'll kill the messenger

I'm super sad  
He's Superbad for her

He's telling her that she's the only one  
Tell me how to tell her how to leave him  
She doesn't need him  
If someone that you loved was so in love  
But you knew a dirty little secret

Would you keep it?

Can somebody tell me how  
To break your best friends heart if I don't tell her  
Who's gonna tell her

He's Superbad  
For her  
This will end badly and  
She will get hurt  
She's super madly in love

He'll cheat on her and then he'll kill the messenger

I'm super sad  
He's Superbad for her

Can somebody tell me how  
To break your best friends heart if I don't tell her  
Who's gonna tell her

He's Superbad  
For her  
This will end badly and  
  
She will get hurt  
She's super madly in love

He'll cheat on her and then he'll kill the messenger

I 'm super sad  
Cuz he 's Superbad for her
