

## the clap (interlude)

Jax

If you're happy someone went behind your back  
And cheated on you with another snack  
But you never did the dirty  
So you didn't have to worry  
When you found out later that they got the [\*clap clap\*]

If you're happy that your gut was speaking facts  
And it told you not to do it, it's a trap  
So you said I'll see ya later  
Rather be a masturbater  
Then you heard the alligator had the [\*clap clap\*]

If you're happy that you kept it in your pants  
Cuz someone that you liked had other plans  
Don't be sad you didn't pull it  
Just be glad you dodged a bullet  
You never got the [\*clap\*] so clap your hands [\*clap clap\*]
