

## the new girl is a snake

Jax

(But I am telling you right now, that mo\*\*\*fer, that m\*\*\*fer back there is not real)

Who invited the demon  
Which one of you brought it here  
Who let it inside  
Can we put it outside  
There's something wrong with Steven  
He's acting really weird  
Like he's possessed  
He's hypnotized

Mom come pick me up  
The new girl is a snake  
But everyone likes her  
And they think I'm insane  
She's got her teeth in Jessica  
But I know this bitch is fake  
'Cause I can smell a liar  
From a mile away

I never trusted it, I never trusted it  
I fucking told you all  
But none of you listened

Everybody wake up  
There's been a mistake  
You guys, I'm telling you, I'm telling you  
The new girl is a snake  
Everybody back up  
Everybody get down  
Because I'm telling you, I'm telling you  
The new girl is a clown  
I never trusted it, I never trusted it  
I never trusted it, I never trusted it  
Everybody wake up  
There's been a mistake  
You guys, I'm telling you, I'm telling you  
I'm telling you, I'm telling you, I'm telling you  
The new girl is a snake

Who invited mafia?  
Which one of you brought the rat?  
Did anyone see that?  
How did nobody see that?  
Guys, I swear to God  
I think this is a trap  
Doesn't anyone see it?  
The hot, hot sociopath

I never trusted it, I never trusted it  
I fucking told you all  
But none of you listened

Everybody wake up (Everybody wake up)
