While I was seeing you walk in
Without knowing I'm getting thirsty, I guess it's responding
My whole body is responding to the sweet scent
It's alright

When you are just talking it feels like you are seducing me
I can't do it I come to a stop, yeah
I ran into you for just a moment but why am I shaking this much
I fell for you I can't stop

I'm sorry I can't keep my eyes off you
Oh I just want to stay like this girl
I can't restrain it anymore
I can't wait any longer
I want you in my arms now, yeah

Your eyes are like the outer space
I fall into zero gravity state
I'm swimming in it
I want to enjoy a little bit longer inside you

There aren't questions that I solve one by one
But I'm curious about you more, I want to know
I want you, all of it

If you eye smile in front of me
Then I fall for you again
I get my conscious back and pinch my cheeks
Even though all of it doesn't work

You that I want
You that I want to have
Hold my hands
Stay by my side
Hug me tight yeah

I'm sorry I can't keep my eyes off you
Oh I just want to stay like this girl
I can't restrain it anymore
I can't wait any longer
I want you in my arms now, yeah

One step at a time baby
Come to my side baby
One step at a time baby
Come to my side baby

I'm sorry I can't keep my eyes off you
Oh I just want to stay like this girl
I can't restrain it anymore
I can't wait any longer
I want you in my arms now, yeah
