

# Holyday

JAY B

Days been bad  
But I ain't ever gonna cry  
Nothin' stops me dreamin'  
Dreamin' bright lights  
Stop the ride, bless my fight  
Just one day feelin' so right (Feelin' so right)  
Cut the cord, it's a sign  
Go crazy, cross the line (Go on and cross the line)

Stay true to who I am  
Don't let them ruin my vibe

Run the world (Run the world)  
For today (For today)  
My holyday (Ooh-ooh)  
Move out the way (Move out the way)  
For today (For today)  
My holyday (Ooh-ooh, ooh-ooh, ooh)

Stay up, maybe, go wild, all day  
Runnin' circles on the hate  
Drinkin' sunshine, pearls in my eyes  
Karma gold white, found my sight  
I throw away the hurt and the pain  
I'll forget the sad times left behind (Ooh-ooh)  
Swim deeper in the sky, skim the water  
Slow down time, you know it's holyday (Mm-mm)

Stay true to who I am  
Don't let them ruin my vibe

Run the world (Run the world)  
For today (For today)  
My holyday (Ooh)  
Move out the way (Move out the way)  
For today (For today)  
My holyday (Ooh-ooh, ooh-ooh)

If I'm on my knees  
And prayin' for me  
I gotta remind myself endlessly  
Stop overthinkin'  
And just start dreamin'  
Bright lights becomin' reality

Run the world (Run the world)  
For today (For today)  
My holyday (My holyday, ooh)  
Move out the way (Move out the way)  
For today (For today)  
My holyday (My holyday, ooh-ooh, ooh-ooh)

Cross the line and go higher  
Gotta be okay with me, just being me  
Life is a holyday
