

# Take It Easy

JAY B

Yeah, uh, yeah

I wanna see you in the morning  
Just like the sunshine in my eyes (Uh, yeah)  
You remind me of the ocean  
The way you glisten, girl, you look so fine

I just wanna lay with you all day (Ooh)  
You're the coffee in the morning paradise  
Stay by my side so I can hold your body  
I won't hesitate to call you mine (Uh)

Just take it easy, baby  
We'll be fine  
This won't be the only night  
You down for one more time  
Just take it easy, baby  
Come on closer  
Don't be shy  
You know I gotta make you be mine

Late night  
Talkin', vibin', touchin'  
If you let me dive in  
Yeah, you know it  
Way you look at me, you got me feeling loco  
Taste is only sweeter if you come here closer  
Adrenaline in my body  
Yeah, we just gettin' started  
But, you take it easy

I can't lie it's hard to find  
Another like you, on my mind  
I can give you all you want and  
More if you will be mine

Just take it easy, baby  
We'll be fine  
This won't be the only night  
You down for one more time  
Just take it easy, baby  
Come on closer  
Don't be shy  
You know I gotta make you be mine

If you have second thoughts  
Should I control myself?  
For you girl  
Just take it easy, babe  
Don't need to feel the pressure  
Just know that you're my treasure  
Patience is all we need, oh, yeah  
You follow me?  
Yeah, we got something special, babe  
Know you what I mean?

Just take it easy, baby

We'll be fine  
This won't be the only night  
You down for one more time  
Just take it easy, baby  
Come on closer  
Don't be shy  
You know I gotta make you be mine

Just take it easy  
Just take it easy  
Just take it easy  
Just take it easy  
Just take it easy  
Just take it easy  
Just take it easy  
Just take it easy, baby
