

## 3 Lines

Jay Critch

Aye Aye

Gettin' way too high 'den poured like three lines in my juice  
Gettin' way too high just poured like three lines in my juice

Gettin' way too high just poured like three lines in my juice  
If I gotta slide then you know the gang ride wit' me too  
I gotta shine my big bro need that brand new coupe  
I don't get tired locked in like three days in the stu'  
And we comin' at your neck like thirty deep what you wanna do  
Tryna get a check show my young niggas how to move  
She know that I'm worth a whole lotta racks when I step in the  
room  
And I'm rollin' up all these L's back to back but I never lose

Only take naps in the Maybach know these niggas be wishin' I sn  
ooze  
Some of my niggas gone now I be thinkin' it could've been you  
So I'm tryna hold them all down imma stack it up to the roof  
Where I'm from better pick up a pack or pick up a tool  
Walkin' 'round with unlimited racks I'm actin' a fool  
Gotta a new bag when I count it up get deja vu  
And she want cash but I think she must got me confused  
Me and my niggas jumped right off the block went straight to th  
e moon  
Niggas hatin' but they random  
Niggas hatin' but they random  
And I gotta hold the fam down  
Young nigga got his bands up  
I been movin' different but tonight I'm sippin' until I can't s  
tand up  
If it's problems we goin' stand up  
We be ballin' they can't stand us
