You know what I'm sayin'  
You know them diamonds everywhere boy  
She with the shit though

I know she with the shit  
I got a diamond wrist  
White Madonna bricks  
And I might blind your bitch  
I look at your diamonds and laugh  
I need a Rihanna motherfucker, she bad  
I just be doin' the math  
I put that shit on the dash  
I know she with the shit  
I got a diamond wrist  
White Madonna bricks  
And I might blind your bitch  
I look at your diamonds and laugh  
I need a Rihanna motherfucker, she bad  
I just be doin' the math  
I put that shit on the dash

New designer shit  
Diamonds on me might blind a bitch  
Now you can't find your bitch  
Sucking me up, I might sign a bitch  
I need water on the wrist, that's super cold  
Shit look like the glacier  
I poured water on my bitch, I hit it twice  
Fuck around and erase her  
Niggas sitting on the bench  
Rich Forever ball out like the Pacers  
Got a new bitch then replace her  
Lot of purple, nigga play for the Lakers  
You a lame Urkel boy, go get your cake up  
Bad bitch, I'ma fuck up her makeup

For that cash cliques, have you meeting your maker

Was on the block, had to hop in the lab  
Rode the bus, had to hop in the Jag

I got a diamond wrist  
White Madonna bricks  
And I might blind your bitch  
I look at your diamonds and laugh  
I need a Rihanna motherfucker, she bad  
I just be doin' the math  
I put that shit on the dash  
I know she with the shit

More cash, fuck a price tag  
Give me top in the coupe  
Two foreigns, gotta lift up the roof  
Fuck what they think  
They was sleeping, I was all in the bank  
I might make her faint  
Still leanin' on the pints of the drank  
She with the shit, I fuck her sister  
Suck on my dick but you kissed her  
Boy you a shrimp  
Bought the Masi, dropped the top like a temp  
Diamond wrist now, I might take your bitch now  
Hollywood, I hold my wrist out the whip now  
Gotta bolt, this a Ghost  
My bitch say I do the most  
Keep the money extra close  
They only hating 'cause they broke  
I might take her to the trap again  
My diamonds they straight from the Africans  
She look like Rihanna, she with the shit
