My niggas came out the ghetto  
Streets heatin' up like a kettle  
You know how we rock heavy metal  
Fuck that bitch in her Stiletto's  
Money build up like it's Lego  
Syrup pour up like it's Eggo  
Free Melo  
Niggas snitchin' they talk to the Devil  
Red bottoms like I walk with the Devil  
Hit a stain then we step on the pedal  
Audi rings like Olympic gold medals  
Pour up the lean watch it settle  
Fuck her then cross off my schedule  
Pass her monkey in the middle  
Ima pass her monkey in the middle  
Free the gaza  
Stay low on the block and get higher  
Ask around that boy Critch on fire  
My bitch wasted like my tires  
Aye why niggas talkin' to police  
Aye why your girl act like she know me  
Like why I be ballin' like Kobe  
I need a stain I can't get no sleep  
Boy you don't be posted on no street  
I been outside since like '03  
She pull up and give me that dome piece  
Place a hit, put some bread on yah dome piece  
She keep callin' won't let my phone breathe  
Ima step in Europe like Ginobili  
All my niggas like me I ain't doely  
Can't forget what a real nigga told me  
Bitch I done hit some licks on my doely  
Hit a lick now this bitch wanna bone me  
That lil bitch think that pussy control me  
Hit it and quit now she sayin' I'm phony  
In my hood we got choppas like Zone 3  
In my hood know the D's they be on me  
I guess cause I'm up now they know me  
Young nigga move like an OG
