

Go Like That

Jay Critch

I can't go like that
Hey!

Ayy, I secure the bag
I can't go like that (go like that)
My hood on the map (on the map)
I'm still on the Ave (Ave)
Money coming fast
Watch my diamonds flash
Made it out of that deep end (deep end)
I woke up and I thought I was dreaming
Verses water, it's all in the deep end
She ask me if I love her, it depends
Keep my brothers with me, I don't need friends
These niggas be quick to switch up (switch up)
She give me head 'til she hiccups (hiccup)
She get freaky off the liquor (liquor)

Hood Fave, I'm the answer
She on my pole like a dancer
I had to go get my bands up
Like I was holding somebody for ransom
But I secured the bag
I was broke in the past
I had to do the math
I gotta make it last
I'm coming first, they last
I got 'em hurt, they mad
Whipping the 'vert, a Jag
Fendi my shirt, I splash
I'm who they wanna see
Cause a nigga always stunnin'
You niggas wannabes
They ain't really doing nothing
Boy you ain't ballin' in no sport
You niggas just frontin'
If I don't fuck with you, it's your fault
Cause I'm always one hundred
Coming from the bottom, it's a long climb up
When she gave me head, told the girl "Time's Up"
Walk into the mall like "Don't mind us"
Bitch, I won't stop 'til the world signed up (Hey!)

I secure the bag
I can't go like that (go like that)
My hood on the map (on the map)
I'm still on the Ave
Money coming fast
Watch my diamonds flash
Made it out of that deep end

Keep my brothers with me, I don't need friends
These niggas be quick to switch up
She give me head 'til she hiccups
She get freaky off the liquor

Hold up, see my necklace shining
Rollie on and it's set in diamonds
Diamonds dance, they electric sliding
Glizzy with extended clip, don't try it (Hey!)
All of this water on me
Had to take off my shirt and dry (dry)
People just frontin' on me
She say I'm her man, she lied (she lied)
Baby, I'm never lonely
Keep a bankroll by my side
3-0 gon' slide
There ain't nowhere to hide
Straight to the top, I claim my position
Don't care bout the opps, they no competition
I'm sipping the drop, it's blurring my vision
Shit never stop, I'm chasing the chicken
These niggas ain't got no handle
But they acting like they balling like Randle
Got me some money, it's magic
Now they thinking that I play for Orlando
Talking like they want the static
Now they running cause my niggas go Rambo
Saw the bag and I grabbed it
Hit the booth, light it up like a candle

I secure the bag
I can't go like that (go like that)
My hood on the map (on the map)
I'm still on the Ave
Money coming fast
Watch my diamonds flash
Made it out of that deep end
I woke up and I thought I was dreaming
Verses water, it's all in the deep end
