

# I'm A Star

Jay Critch

Ayy

How it feel to be the boss, let me find out  
My team balling, you look like you need a timeout  
I'm a star in the clutch, I'ma shine out  
Working hard, yeah I'm back on my grind now  
Game on, took a loss but I stay strong  
Super Bowl rings, I just won the playoffs  
Gotta go hard, I could never play soft  
Giant in New York, I run it back like Saquon

And I gotta win no matter what like  
Fourth down, Hail Mary, no punts like  
Every time I touchdown I gotta stunt  
Randy Moss, yeah my numbers going up  
All these trophies, what do I need any more for?  
Check the stats or you could check the scoreboard  
Check the stats, Jay Critch, I'm the QB  
Run it up and then I went and got a new freezer

How it feel to be the boss, let me find out

If you ain't a winner then don't come 'round  
On my way to another city, it's a touchdown  
Andale, yeah I gotta get it in a rush now  
Let 'em hate, try to knock me down but we got up now  
You say that you balling, keep it real though  
Why I never saw you in the field though  
I make it look easy, it's a field goal  
I been grinding for a minute and I'm still going
