Skilli, what the fuck is up?

Hey

Uh, pour it out like mattress

Glock with a stick, make the boy do backflips

Clean money, and it's dirty money in the trap shit (Jugg, jugg)

Nigga playing 'round with the math, get subtracted

Bad bitch, I pay for her hair and her lashes

Shooters spin your block, hit you up, get lacious

Jumping out the whip like lights, camera, action

Gotta keep a clip, if it's smoke, then it's ashes

Come hit a lick, stretch like gymnastics

I used to go have to steal, I got past it

Send out the packs and they came with the tracking

Shooters start searching, the shooters gon' track him

Feel like Usain, nigga been doing laps on

I ran it up, it's a whole lot of racks on

That pussy wet, she gon' go throw it back for me

I need the jet and I need the Maybach for me

Pour it out like mattress

Glock with a stick, make the boy do backflips

Clean money, and it's dirty money in the trap shit (Jugg, jugg)

Nigga playing 'round with the math, get subtracted
