

Messy

Jay Critch

If it's 'bout a cheque I'm on it
Got the Ghost outside, house haunted
Top gone like an alcoholic
Gotta grind if you really want it
Why you hurtin' nobody noticed
Hayyyy

If it's 'bout a cheque I'm on it
Got the Ghost outside, house haunted
Top gone like an alcoholic
Whippin' it like I stole it
Gotta grind if you really want it
Why you hurtin' nobody noticed
I been sippin' can't lose my focus
I'ma kick this shit like Messi
Keep the mop 'case shit get messy
Live my life on ice, Wayne Gretzky
You know we keep that stick don't test me
I see a bag and I grab it
These niggas need a new hobby
These niggas need a new habit
I left her right in the lobby
'Cause she was way below average

You can find me where the cheques be
Ain't no nigga gon' check me
Big bitch ride like jetski
She bust it open and wet me
I'm tryna see what the brain like
Tryna get up inside if she let me
I know I drive you insane right
Maybe I should go holla a bestie
I had to tell her don't do no cuffin' these women be tryna arrest me
Shawty always actin' childish
Money grown and it's sexy
I was dreamin' 'bout the thousands
Woke up like cheque please
Stay with my brothers we ten toes
And these knots in my pockets like eggrolls
Cabbage
See it I want it I grab it
I dont really need to buy the Wraith
But I feel like I just gotta have it
I ain't wearin no diamonds today
I might go 21 Savage
I remember those times in those days
I was hurtin' now I'm livin' lavish

If it's 'bout a cheque I'm on it
Got the Ghost outside, house haunted
Top gone like an alcoholic
Whippin' it like I stole it
Gotta grind if you really want it
Why you hurtin' nobody noticed
I been sippin' can't lose my focus
I'ma kick this shit like Messi
Keep the mop 'case shit get messy

You know we keep that stick don't test me
I see a bag and I grab it
These niggas need a new hobby
These niggas need a new habit
I left her right in the lobby
'Cause she was way below average

I started shit from the bottom
Me and my dawg made 100 plays
I keep my brothers right next to me
I wouldn't want it no other way
Can't have that fake shit around me
All that shit could go the other way
I think she tryna drown me
Pussy wetter than a fuckin' lake
Sometimes you gotta make that move
Do what you do to go make that loot
Only two seats in that 'Rari but she in the coupe and her friend is too
She want some money but I'm too smooth
You ain't signed up with the 30's before all the money and all the [?]
Fuck around with that waitin'
I need it now I'm impatient
Smoke strong like a patient
This ain't a foreign car it's a space ship
This niggas always askin' for shit but won't even say congratulations
Hood Fav put the hood on my back and I never need a vacation

If it's 'bout a cheque I'm on it
Got the Ghost outside, house haunted
Top gone like an alcoholic
Whippin' it like I stole it
Gotta grind if you really want it
Why you hurtin' nobody noticed
I been sippin' can't lose my focus
I'ma kick this shit like Messi
