

Money Talk

Jay Critch

(A Lau on the beat)

Got my mind on a cheque
I recline in the jet
Got no time to be stressed
Got a dime and she wet
Money flippin', thinkin' what I'm doin' next? (Doin' next)
Hunnid K in a day, I'm impressed (I'm impressed)
Sippin' the syzzurp
Watch for the snakes and the lizzards
The ice it got anemic
Like I was hit by a blizzard (Blizzard, blizzard)
Got a big bank, I need a Maybach, oh
I was down bad, but I'm getting that back up

How she into me? How about that?
Got a tendency of smokin' loud packs
I jumped in my bag, I got me a bag, I never looked back, no (Back, no)
Put the gang on my chains, then on the map, yeah
She gon' fuck me 'cause she might as well
Damn I look like I fell in a well
Hold on like swish, 'til we hit the bell
You caught with us, you better not tell
I cut off her and her petty ways
Still prayin' for better days
Brodie still tryna get it in any way
We got hoes comin' by the bunch
She gon' roll me another blunt
Shawty loadin' off one, we got everything that she want
Hit it once, but we not involved
I'ma fuck her off then I'm done with it
When you living good and they not involved
Then they start to move with some funny shit
They can tell we some boss niggas lookin' like a whole lotta money shit
Big 30 ain't enough for the chain, you can tell who I'm running with
Big 30 and my brodie got range but he really want a hunnid clip
Big [?] and I'm smokin' the pain
Diamonds being like a trauma kit
He said he was getting his cheese up, but really he fronted it
He thought, I would come back to re-up, but really he fronted it
She funny so I leveled up, and I went and got another bitch
First time, that I saw that cash, that was when I fell in love with it

Got my mind on a cheque
I recline in the jet
Got no time to be stressed
Got a dime and she wet
Money flippin', thinkin' what I'm doin' next? (Doin' next)
Hunnid K in a day, I'm impressed (I'm impressed)
Sippin' the syzzurp
Watch for the snakes and the lizzards
The ice it got anemic
Like I was hit by a blizzard (Blizzard, blizzard)
