Jay Critch

Hey, hey

Shawty think she mine, I don't know (I don't know)  
Tryna get high, okay fine, we gon' smoke (okay fine)  
I been really on my grind for the dope  
Tryna ice my wrist, look at the time, see the snow

Hey, shawty think she mine, I don't know  
I don't cuff hoes, I already know she fucked my bro, ayy  
Young nigga gettin' to the dough, got it for the low  
What you need? Just hit my trap phone, ayy

Young nigga pull up in the Ghost  
I got bands on me, used to post up by the store, ayy (bands)  
She say that I flex, I do the most  
Pull up in a 'rari, windows down, smell like dope, hey

Aww shit, 12 comin', get low, yeah  
I can't let them take this bankroll, yeah  
Flowin' through the city with my bros, yeah  
Ridin' with them poles, 'bout to pull up on some hoes, yeah

Hey, big knots, blue cheese in a Balmain  
Nigga we ain't playin' with that money, got it on me  
I just got some money, ran off with your shawty  
Used to ride the bus, now I pull up in a 'rari, hey

Drove past my ex, yeah, that bitch was lookin' salty  
Know I had to flex, yeah, I ain't never sorry  
Thought I would be broke for forever, bitch, I'm ballin'  
Now I got a mansion, now my diamonds dancin'  
I'm pushin' the Wraith, 'member dreamin' 'bout a Phantom  
Peep the haters' faces, I know that they can't stand it  
Run up, try to take it, you know I got that hammer

Ayy, hit it then replace it, lean up in the Fanta  
Shawty, you too basic, I can't be your man, no  
Diamonds they are racist, flashin' like a camera  
Do the dash, speed racing, pull up in a Lambo', hey

Shawty think she mine, I don't know (I don't know)
