All day I be thinking bout guap  
Balmain, gotta walk with them knots  
Broad day, we was doing a lot  
Long range, nigga you catch a shot  
We get to the money, they hate it  
They like "ah man, how he got all them bands?"  
Goddamn, Gucci hold up my pants  
Aquafina, diamonds shining like blam  
In the hood they say I'm their favorite (Hood Fave)  
KD, damn I did it again  
16, running off on ya mans  
Heater on me nigga you catch a tan
