

The Plan

Jay Critch

Yeah

Jay Critch Hood Fav

A-Lau on the beat

I stuck to the plan, even when they was giving up, I gave it a chance

I got me some bankrolls, and some niggas start switching up, they was really my mans

Stay with a shooter with me, and you know how we give it up, if I give 'em the grams

She acting boujee with me, I heard she give it up, for a couple of bands

And I see they wanna be me, but none of them niggas can do what I can

I wear Mike Amiri like Adidas, and all of my diamonds is doing the dance

Niggas fake, I ain't shaking they hand, I need the bag on the way when I land

Now its way too much weight for my hand, I send out them grams and then wait till they land

Imma talk money forever, I made me some plays and I got it together

Catch a flight and change the weather, yeah me and my brothers get money together

Balenciaga on my leather, these bitches gon' try to finesse if you let 'em

So you know I never let 'em, as soon as they let me hit it, I'mma dead em

I grew up in that water with sharks

30 deep, we gon' trap out the park

He got money, he ain't got no heart

We run up like a thief in the dark

Head tap, shooters ain't playing darts

Big dogs and these niggas all bark

New foreign, it's a work of art

Shawty bad and she playing her part

Presidential Rollie, got elected, they know we very respected

And you see us, only bosses around me, you cannot come in this section

Don't get carried away by this necklace, this shit will end real hectic

And when my brodie start throwing bullets, he don't throw no interceptions

I stuck to the plan, even when they was giving up, I gave it a chance
