

We got... for here,  
But it really doesn't matter with me now,  
'Cause I've been through the mountains...  
Like anybody I would like to live a long life, long...  
But I'm not concerned about that now,  
I just wanna do God's will,  
And He allows me to go through the mountains,  
And I look over  
And I've seen the promise land  
I may not...  
But I want you to know that we have... will get to the promised land.  
So I'm happy tonight, I'm not worried about anything, I'm not fearing  
any man.  
My eyes have seen the glory

Pulling bash-dash I had to break, I had to get away, pack my bags, he  
ading for grey-hound  
It was a Monday, time to start my mission, I felt that feeling burnin  
g in my soul  
I had to listen, I had this re-  
occurring dream from the stage and the suit with a fade,  
I had to set the game of blaze and they threw me a parade, I stacked  
a little change and took my family out the cage  
... amazed like a... what it keeps the crap back,  
Nothing too far back on, but police... so they crack on,  
They... is back home,.. treat the arabs and the Spanish and the Black  
wrong, they hit to that song,  
You may be tired, but I'm... inspired from the Lord of the world 'cau  
se the devil is alive.

Say, say I've seen the lightening flashing (Yes I Did),  
And I've seen another road, but you can't,  
You can't keep me down for long,  
'Cause I'm getting stronger,  
'Cause I keep getting stronger. (Here we go)

My style is like a shot of Jack Daniels,  
A baby grand piano lighting a hoc smoking cig,  
Strumming on a banjo  
The son of man is the son of the gun, with hella ammo.  
Sheriff shooting Bob Marley, John J Rambo  
6 sex-tillion, 19 million, the holy pyramid say we all lost children,  
Voodoo for the pilgrims who bring weapons and conceal them, they sile  
nce you and forcing then indoctrinate the children,  
Yo gaba-gaba, blow up your apartment if you don't observe the sabbath  
. I looked the devil in his eye and say abracadabra  
Then drown him in the mighty light, his brain couldn't fathom.  
Strapping every day just like Fight Club, a thriller and a smooth cri  
minal like Mike was.

Say, say I've seen the lightening flashing,  
And I've seen another road, but you came,

You can't keep me down for long,  
'Cause I'm getting stronger,  
Cause I keep getting stronger.
