

## Run & Hide

Jay Electronica

Don't try to hide  
You might as well embrace it  
You've done it all  
Turn around and face it  
The teachers say  
The end will never come  
But you can't decide  
You're burying the seasons  
The words are gone  
Every time you're speaking  
The kings return  
Now where will you reside?

Run and hide...  
Run and hide...  
Run and hide

Sentimental rain drops  
The tears fall in increments  
Like incremental pain drops  
That wash away the stained spots  
The Western World is just a hive of scum and villainy  
That's why superheroes wear disguises in trilogies  
When the future is uncertain  
And the wizard is just a man inside the booth behind the curtain  
Behaving like a serpent  
With a bag full of everything  
Except your home  
Just remember, be yourself  
And accept your own  
Or run and hide

Run and hide...  
Run and hide...  
Run and hide  
The kings return  
Now where will you reside?  
Run and hide...  
Run and hide...  
Run and hide
