[Lil' Flip:]

A lot of rap cats rap about jewels  
But that ain't rose gold that's fools  
Look at the shoes on the whip twenty-twos  
I still got a deal what about you  
I got liquor nigga you wanna drink?  
I go on shopping sprees you want a mink?  
I'm just kidding I ain't tricking for a hoe  
This how I'm living I ain't hurting for no dough  
I push tight whips just like percy  
I always rock custom jerseys  
My new shit about to drop on you niggas  
Just call me hoe, when you not witcha nigga

[Jay Electronica:]

Now heres a little story I got to tell  
About a fresh young nigga ya know so well  
It started way back, in history  
In that third ward magnolia the U-P-T  
I was born in seventy six and raised in the eighties  
Pops left when I was six I was raised by ladies  
Son of Marilyn brother of Fal  
I grew up one block over from the cell [?]  
T-I told me to be easy but I'm hungry as fuck  
I want a house on the hill and some blow in the truck  
Now I'm up in the club playa settin it off  
With a mic in my palm tight lettin it off  
Shorty, smilin she say I'm spec-tacular  
She wanna bite on my neck like dracula  
She said she wanna show me something good after the show  
Whatever ma, but for now get yo ass on the floor
