

# I Come Alive

Jay Ferguson

There's a place in my heart  
That unlocks and comes apart  
Nobody touches it  
But you, girl  
You give your love so easily  
Now your innocence is what I need

There's a place in my life  
When the nights cut like a knife  
Nobody held me then  
But you, girl  
Like the moon upon the sea  
I feel you pull so strong on me

When we touch, I come alive, girl  
There's so much I feel inside, girl  
I come alive

There's a place I must go  
Somewhere I've come to know  
Nobody takes me there  
But you, girl  
And I know that lovers lie  
But heaven's waiting in your eyes

(Love is alive)  
When we touch, I come alive, girl  
(Love is alive)  
There's so much I feel inside, girl  
I come alive

Sometimes I feel so torn inside  
So lost and low 'til you show me I'm alive

There's a place in my heart  
That unlocks and comes apart  
Nobody touches it, nobody touches it  
Nobody but you, girl  
And it keeps me waiting

(Love is alive)  
When we touch, I come alive, girl  
(Love is alive)  
Making love with you tonight, girl  
(Love is alive)  
I come alive  
(Love is alive)  
I come alive  
Girl, when you touch me, oh  
(Love is alive)  
Girl, when you hold me  
(Love is alive)  
I come alive  
I come alive
