

Love Is Cold

Jay Ferguson

Everyone's talking
You're back in the news again
You're out on the line now
I'm on the other end

Well, I'm driving at night
With the rain and the lights on my window
And the radio's on
And there comes that song
The one that makes you feel so lonely

Love is cold
Ooh, ooh
Love is cold

People in motion
Everything stays the same
Somebody's leaving
Somebody still remains

Well, you're out on the street
Where the happy people meet in the evening
And you're hurrying on
But you still hear that song
The one that makes you feel so lonely

Love is cold
Yes, I know
Love is cold
Well, I think that it's time to go
Love is cold

And now you feel so lost and lonely
Love is cold
Well, it's cold
Love is cold
And still, you want to hold her
Love is cold

He was a searcher
She was the only one
Nobody told them
Everything comes undone
