

Rabbit Hole

Jay Ferguson

Hey everybody, let's get in line
We're gonna take a trip though space and time
Follow the leader and follow his lines
Going down the rabbit hole

Six and seven and eleven make ten
You get to the bottom and you start again
There's a red queen there waiting for your head
At the bottom of the rabbit hole

Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah

Hey, that man in the silver chair
He's got a plan and he's got the hair
He'll make sure that you're gonna get a share
When you're down in the rabbit hole

Six and seven and eleven make ten
You get to the bottom and you start again
There's a red queen there waiting for your head
At the bottom of the rabbit hole

Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah

Going down the rabbit hole
Down the rabbit hole

Down, down, down, down
Everybody gonna get their share
Everybody gonna get their share
Everybody gonna get their share

Going down the rabbit hole
Down the rabbit hole
Yeah, yeah, yeah, yeah
Going down the rabbit hole
Yeah, yeah, yeah, yeah
Going down the rabbit hole
